We need to know if you have any disabilities that may affect your ability to evacuate the premises in the event of an emergency. If you do have a disability it is your responsibility to let us know in order that we can discuss and prepare a Personalised Emergency Evacuation Plan for you. The aim of the Personal Emergency Evacuation Plan (PEEP) is to provide guests who cannot get themselves out of the cottage unaided with the necessary information to be able to manage their escape to a place of safety.
