

Myrtle Cottage Bed & Breakfast - Porlock

Our Sustainability Policy

Myrtle Cottage was built in circa 1573, it derives its name from the flower that is found on Exmoor national park, ideally situated in this beautiful part of the country within Exmoor National Park, a short stroll from the sea and surrounded by stunning scenery, the beauty of the landscape defies description.

Our Sustainability Values Statement

- **We care** about our community, our guests, and our planet.
- **We understand** the need to protect our natural environment and limit the day-to-day impact of our business.
- **We aim to follow and champion** good sustainability practices, reduce the environmental impacts of our activities, and give something back to our community and the environment.

Our Sustainability Policy

We will uphold sustainability practices by:

- Ensuring we comply with all relevant environmental regulations and legislation.
- Reducing our consumption of resources including energy, water, and other raw materials, and ensuring the efficient use of the resources we do consume.
- Ensuring consideration is given to the environmental, social, and ethical impacts of the goods and services we buy.
- Managing waste generated from our business in line with the waste hierarchy; by avoiding waste in the first place, then giving priority to minimising, reusing, recycling, recovery of waste, and finally ensuring the safe disposal of waste.

- Regularly reviewing our practices with the aim of continually improving the impact of our business activities on the environment, local community, and wider society.
- Supporting social and environmental projects and initiatives within our community or in wider society.

This policy will be reviewed regularly to evaluate its continued relevance and to monitor our progress.
